Welcome to
Precise Build

Precision design and construction for all scales

Welcome to Precise Build, an award-winning design and build construction company where precision meets excellence. Committed to quality and innovation, we deliver construction solutions that exceed expectations.

Our team of skilled professionals are dedicated to bringing your vision to life through a smooth and enjoyable building journey. From the initial consultation to handover, we incorporate passive design principles and prioritise time, quality, cost, and safety.

Our project management integrates advanced systems and technology at every stage to ensure the highest standards of quality assurance.

International
Organisation for
Standardisation

Our Integrated Management System adheres to the highest standards, including ISO9001, ISO45001, and ISO14001, ensuring excellence, safety, and environmental responsibility.

Setting the new standard

Our Mission

At Precise Build, our mission is to set new standards in the construction industry through unparalleled craftsmanship, innovative design, and exceptional service. We strive to create lasting value for our clients by delivering projects that stand the test of time.

Our partnerships

Precise Build is committed to fostering strong partnerships with local and state governments to drive impactful community development. By also collaborating on early education, accessible housing projects and aged care developments, Precise plays a pivotal role in creating spaces that support learning, inclusion and sustainability. With a focus on forward-thinking design, Precise Build ensures that every project contributes to the long-term wellbeing and growth of the communities it serves.

Together, we shape your vision into a defined plan.

Who We've
Worked With

Design & construct

Our Process

Our process ensures every project is a seamless journey from concept to completion. We start with a thorough consultation to understand your needs, develop a tailored concept, and meticulously calculate every aspect to ensure precision and excellence in completion.

Precision in planning for a clear,
detailed project roadmap.

Consult

Engage with us to define the project's scope, objectives, and financial plan.

Contract

Engage with us to define the project's scope, objectives, and financial plan.

Concept

Your vision evolves into preliminary designs, material selections, and specifications.

Construct

A comprehensive Master Builders contract is offered for agreement before permit filing.

Calculate

Construction documents are finalized, and we provide an itemised quotation after tendering.

Complete

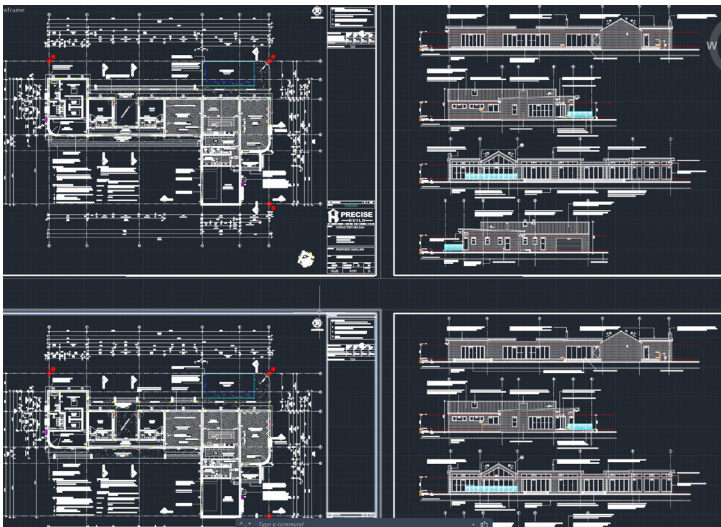

A professional clean-up, walk through, and handover of your new establishment.

Take your build to new heights

Our Services

Precise Build offers a comprehensive range of services to meet all your construction needs. From initial design to final construction, project management, and architectural design, our expertise ensures your project is executed with precision and excellence.

Transforming ideas into
innovative designs.

Design & Construction

We have the capability, systems, experience and ability to design and construct your project to comply with all relevant standards and codes, then construct to the highest quality, on time and on budget.

Construction

We pride ourselves on being able to achieve our client's objectives every time, on time. This can only be achieved with a company culture that has been developed and implemented in the direction of management.

Project Management

Project management at Precise Build prioritises time, quality, cost, and safety, leveraging our cutting-edge systems. We stay ahead of the curve with our use of advanced technology and cloud-based platforms.

Architectural Design

Our team can support your design and guide you through the National Construction Code, creating a building design that will meet your local council's guidelines. We can provide you with support in CAD format, utilising software including AutoCAD and Revit. We are partnered with engineers, surveyors, energy and geotechnical professionals who can provide the services required for your project.

Mastering diverse sectors

Our Sectors

We have extensive experience across various sectors, including residential, commercial, health, and education. Our versatile team adapts to the unique challenges of each sector, delivering tailored solutions that meet our clients specific requirements.

Residential

Precise Build takes pride in creating exceptional residential spaces that truly feel like home. Whether it's single-family homes, multi-unit developments, or apartment complexes, our team has the expertise to deliver high-quality residential construction projects.

We understand that each homeowner has unique preferences and requirements, which is why we work closely with clients to bring their vision to life. From architectural design and construction to interior finishes and landscaping, we pay meticulous attention to detail to ensure superior craftsmanship and customer satisfaction in every residential project we undertake.

Hay Swim Centre

Commercial

With extensive expertise in commercial construction, Precise Build possesses the capabilities to deliver outstanding results for your commercial projects. Our team is well-versed in designing and constructing commercial spaces that adhere to all relevant standards and codes, ensuring compliance and safety.

From office buildings and retail spaces to hotels and restaurants, we bring a meticulous approach to every aspect of the project.

With a focus on quality, timeliness, and budget management, we are committed to exceeding your expectations in the commercial sector.

Deniliquin Swim Centre

*Navorina Nursing Home*

Health

We recognise the critical importance of healthcare facilities and the specialised requirements they entail. Our team has a deep understanding of the healthcare sector and possesses the capabilities to deliver state-of-the-art medical facilities.

From hospitals and clinics to research centres and laboratories, we prioritise the highest standards of quality, compliance, and infection control. Our experience in healthcare construction allows us to create spaces that enhance patient care, improve workflow efficiency, and promote a healing environment.

*House of Smiles*

Education

As a trusted construction company, Precise Build is dedicated to building the educational infrastructure of tomorrow. We have a proven track record in delivering educational facilities that cater to the unique needs of students, teachers, and administrators. From schools and universities to training centres and libraries, our team combines innovative design with efficient construction methods.

We understand the importance of creating inspiring learning environments that promote collaboration, safety, and sustainability. With our expertise, we aim to provide educational institutions with spaces that foster growth and academic excellence.

Build to Impress

Commercial Design

Highlighting our standout commercial projects, this feature showcases Precise Build's ability to deliver exceptional commercial spaces that seamlessly blend innovation, functionality, and design. Whether it's a cutting edge grandstand, a dynamic fire service centre, or a sophisticated sporting facility, we focus on creating spaces that not only meet but exceed our clients' expectations. Our team works collaboratively from concept to completion, ensuring that every build meets our high standard of work.

Turning visions into reality with precision and expertise.

Project

Location: Lambton, NSW

Client: Lambton Pool

Sector: Commercial

Header: Project Information

Primary Builder: Precise Build Pty Ltd

Architect: Curran.Design

Appointment: 2022

Completion: 2023

Value: \$2,200,000.00

Lambton Pool Grandstand Replacement

Purpose

To enhance the functionality and aesthetic appeal of the grandstand, providing a modern and comfortable seating area for spectators at Lambton Pool.

Solution

Through collaborative efforts and innovative design, we replaced the outdated grandstand with a state-of-the-art facility that meets the needs of both the client and the community.

Project

Hay Swimming Pool Amenities

Location:	Hay, NSW
Client:	Hay Shire Council
Sector:	Commercial
Header:	Project Information
Primary Builder:	Precise Build Pty Ltd
Architect:	McKnight & Bray
Appointment:	2022
Completion:	2023
Value:	\$1,518,306.90

Purpose
To develop a facility that can be utilised by the public for both the sporting complex and the open-access splashpark. Positioned in a high traffic location, the facility's design purpose is to appeal to the greater community, as well as deliver high-performing amenities.
Solution
The construction of the facility consisted of new administration, associated change rooms, male/ female bathrooms, commercial kitchen and other amenities. Collaboration between modern design and tailored colour selection resulted in delivering a functional and appealing facility.

Project

Location: Paxton, NSW
Client: NSW Rural Fire Service
Sector: Commercial

Header: Project Information
Primary Builder: Precise Build Pty Ltd
Architect: Havenhand Mather
Appointment: 2022
Completion: 2023
Value: \$1,200,00.00

Millfield Rural Fire Station

Purpose

To provide and new Fire Station Facility to service the Millfield area, fulfilling the functional needs of all operations and equipment housing.

Solution

Construction of a new Rural Bush Fire Station on virgin land, including supply of new power, water, sewer and stormwater drainage to site. Works included considerable earthworks, concrete piercing down to natural ground. Construction was a mixture of Structural steel and LGS framing.
